For thousands of years, the single principle of an all-powerful God Almighty has been shoved down our throats by world religions and politics. In 2004, war wages among Islam, Judaism and Christianity, a war to determine whose God is most powerful. We have to stop this God-like behavior! POWER is a characteristic attributable to Almighty God. ALL ELSE, all that is physical, all action and movement and all creativity rests in the hands of the Feminine Principle of the Universe. We must allow more of Her expression. That principle guides the work of science as it traces our genetic origins back to when Sophia, in her Wisdom, created Zoe (Life). This book speculates whether and how that Old Hag influences the actions of individual souls causing life, genetic mutation and change-among other interesting phenomena. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
