Saunders, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Gain realistic experience in a physician's office without leaving the classroom By using Elsevier's Virtual Medical Office learning system - an Elsevier textbook, a study guide, and interactive software - students develop critical thinking and decision-making skills they'll need in their externships and on the job. In Virtual Medical Office, students experience patient care from check-in through check-out, exploring all national curriculum competencies. It shows how to manage different patients - and why. Each study guide lesson directs the student through the textbook and software and presents exercises focused on one or two medical assisting competencies at a time based on what they experience. Realistic software simulations of handling a difficult patient, setting up the exam room, and many more, bridge the gap between the classroom and the real world. Money-saving package with the textbook is also available. Search ISBN 1-4160-4190-7.
