This letter discusses the Department of Defense (DOD) cyber and information assurance budget for fiscal year 2012 and future years defense spending. The objectives of this review were to (1) assess the extent to which DOD has prepared an overarching budget estimate for full-spectrum cyberspace operations across the department; and (2) identify the challenges DOD has faced in providing such estimates. The President has identified the cyber threat as one of the most serious national security challenges that the nation faces. In February 2011 the Deputy Secretary of Defense said that more than 100 foreign intelligence agencies have tried to breach DOD computer networks, and that one was successful in breaching networks containing classified information. To aid its efforts in countering cyberspace threats, DOD established the U. S. Cyber Command in 2010 and is currently undertaking departmentwide efforts to defend against cyber threats. DOD has defined some key cyber-related terms. Cyberspace operations is defined as the employment of cyber capabilities where the primary purpose is to achieve military objectives or effects in or through cyberspace. Such operations include computer network operations...
