Brand New Book ***** Print on Demand *****.Excerpt from **Facts About White Diarrhoea: Practical Methods of Prevention and Treatment; How to Stop Losses and Reduce the Mortality in Small Chicks, Simple, Safe and Sure Plan of Successful Chick Rearing** Chick mortality in recent years has reached most alarming proportions. During the past ten years the losses of small chickens between the ages of three days and two weeks have amounted to hundreds of thousands of chicks annually. Some proprietors of practical poultry plants which I have visited during this period have acknowledged to me a loss of from sixty to ninety percent, in many broods from a disease which they termed white diarrhoea. So general has this loss of chickens become, increasing yearly, that experiment stations all over the country are giving a great deal of the time of their best men to a study of the subject in an endeavor to learn the cause and cure. After careful study, investigation and experiments, I have found remedies which can be depended upon to prevent and cure the infantile disorders of small chicks that are commonly classed under the name white diarrhoea. These remedies have been thoroughly tried and tested and can be relied upon to prove safe, sure and effective. Where my methods of managing the breeding stock, handling the eggs before and during incubation, management of incubators, care of chicks and brooding equipment are employed, the mortality of small chicks can be reduced to the minimum. If due care is exercised in following the directions found in this book the death rate in small chickens at any season of the year need not exceed five to ten percent. Many broods have been...
