A PRACTICAL GUIDE FOR ALZHEIMER S DEMENTIA CAREGIVERS (PAPERBACK)

Dodge Park Publishing, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Dear Caregiver, I set out to write a comprehensive book with a fresh approach for caregivers and family members who are dealing and assisting individuals diagnosed with Alzheimer s disease. I gathered as much information as I could from over 25 years as an administrator of residential care and rest home facilities specialized in caring for individuals diagnosed with Alzheimer s disease. My goals for this book are simple - include as much information about how to assist individuals as possible, without overdoing it or confusing the readers, and leaving them with a care plan. Whether you are family members, nurse, caregivers, or other professional in the long-term care industry, this book is for you. Each chapter represents an essential element of care, or special guideline of what to do if a particular situation arises. Take these tools and resources and share with everyone who can benefit, and please put these ideas into action. Micha Shalev.
