I will take you through a number of actual trades as they occurred and show you what I did right and what I did wrong. I will also show you plenty of theoretical examples of how the strategies work and what factors will influence which strategy is the best for whatever situation the market throws in front of you. In 2007 I was the first place finisher in the Zacks. com 4th Quarter 2007 options trading contest with a return of 212. It hasn't always been pretty but I have used both my gains and my losses to learn, both of which I'll be discussing with you. From the Back Cover Many traders and investors dismiss stock options as either too...
