Reviews

This publication might be well worth a read, and much better than other. It really is simplified but excitement inside the 50 % of the book. You will not feel monotony at whenever you want of the time (that's what catalogues are for concerning when you check with me).

Chronicle Books, 2004. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: These days we devour super-sized meals, ogle strutting supermodels and experiment with superconductivity. But once upon a time there were only superheroes. Murmur their names, and from out of memory's deep emerge lazy summer afternoons spent on covered porches with a bottle of Orange Crush and a bag of Fritos, weekly bike rides to the revolving wire racks in corner drug stores and, of course, our increasingly daring leaps, from picnic tables and brick fireplaces, with an old sheet fluttering from 9-year-old shoulders: "I can fly, I can fly." And we could -- if only during that moment when we flexed our knees and pushed off into the air. Then, for one blissful second, we were commensurate with our dreams. But, ah, those names, how they thrilled and fed our imaginations: the Flash, Green Lantern, Green Arrow, Aqua-Man and Hawkman, the Mighty Thor, and a little later the Silver Surfer, Spiderman and the X-Men. To the ignorant eyes of parents, our carefully tended stacks of 20, 50 or 200 issues of Action Comics, World's Finest, Detective Comics, Marvel Comics and so many others merely appeared to tell the same story, again and yet again: A gaudily costumed crime fighter battles a seemingly unbeatable enemy -- sometimes the oddly loquacious alien from another planet or dimension, sometimes the white-coated mad scientist with his destructo-ray, often (and best of all) the monstrous result of some laboratory experiment gone horribly wrong. Never such innocence again. Nowadays, comics have grown up and taken steroids: They are swarthy, mean, perverse, complex, adult. They even require specialized stores -- like X-rated videos -- and aspire to literature. "Graphic novels" can be intricate and wonderful -- ask any student of...
