Have you ever felt like there is more to life than the repetitive situations that occur in your life? Have you ever found yourself in the same relationship but with a different person and each relationship you grow TIRED? If you answered yes to any of this then TIRED; The Tamyamonic Experience is just for you. In this book Tiffany is the character that has said YES to the questions above. She grew tired of the lies, deception and feeling like she keeps getting in the same relationship but a different guy. She makes up in her mind that, after hitting rock bottom for the last time, she would not continue to make the same poor decisions in her choice of relationships. She discovers she married a pathological liar with a sociopathic mentality. After having a gun pulled on her by her husband and encounters with several other women she finally realizes she is worth so much more and that this marriage was not what God intended for her.
